January 15th, 2019 - But for those want to maximise their diet it can be a good idea to include both good quality animal products and plant foods and to vary their diet as much as possible to help become more nutritionally replete I will be updating this post often so check back soon for more details

Tree foliage in ruminant nutrition Food and Agriculture

January 12th, 2019 - So if all the NPN and bypass protein has to be provided by the leaf meal a 250 kg steer fed straw would need 2.4 kg DM or 12.0 kg of wet leaf material if there was a 50/50 contribution of dietary protein to NPN and bypass protein Thus it is necessary to feed at a

minimum 38 of the total feed intake as foliage to potentially balance a poor quality forage based diet
